Hello,

Thank you for your cooperation. As you know, I was out of the office all=20 last week for a conference. Since I was out for a week, I need to get=20 caught up on all my home visits. I greatly appreciate you remaining home=20 until I can see you at the residence. I wish it was true that I only work=20 0800 to 1700, however that isn't always the case. Those hours are just=20 office hours, and don't reflect the hours that I always work.

In regards to the monthly report, your request is approved. We can dive=20 more into questions regarding the monthly report when I see you on=20 Saturday.=20

Enjoy the rest of your week.=20

out)!

Mr. Greive,

You told me if I am not cooperative you are not forceful but your policy=20 is to report noncooperation to your supervisors. Then the courts can be=20 contacted and told of my noncooperation and revoke my probation. Is that=20 what you want?

"I will be coming by your house for a home visit. Please remain home until =
I'm able to meet with you." This is worded as an optional request but we=20 both know it is not."

"It's a simple request, and it's entirely up to you if you'd like to=20 follow the request or not."

So you want to be a liar now? It is not a simple request. You very well=20 known that it is a requirement of my probation to keep probation=20 appointments and you were told by your supervisors, or so you told me in=20 our first meeting, that you are to meet me once a month and enter my home=20 and I am to meet you once a month in your office.=20

If the timing for this meeting is not mandatory I'd very much prefer you=20 to reschedule and meet me on a non holiday-weekday.

So is the timing mandatory or not? If it is I'm be home per my probation=20 agreement. If it is not mandatory please send me a new home visit=20 appointment date for this month as required by your supervisors for a=20 weekday when I know federal employees normally work and I will only be=20 half as apprehensive.

About the monthly supervision report.

I only submit monthly reports by fax as I don't like to send certain=20 information by email. Expect it soon. The form you emailed me was very=20 distorted. However, I saw that there is a blank space after 20 (20=5F=5F=5F=) to=20 place the current year so the form I had was not outdated - as I had=20 thought it was. I'm telling you this as I will use the copy I already had=20 and it will have Morales' business card on the back.

Also, I looked over the conditions of my probation. I found the=20 stipulation I was looking for. I says I am not to have associations with=20 anyone having been convicted of a felony. However, the monthly supervision = report ask have I had any contact with anyone having a criminal record. It = also ask me to name such people. I feel it is non of the probation=20 department's business whom I may or may not have talked to as long as they = do not have a felony on record.

I am asking permission to cross out the word "criminal" before record and=20 place "felony" nearby indicating I had no association with anyone with a=20 felony record.

If this is not acceptable, I will have to call anyone having a misnomer on = record I may have associated with and tell them I must report their name=20 to the probation dept. and the NSA will probably then start stealing their = mail and putting them under assorted covert surveillance procedures as=20 they have done to me. (I am not being paranoid in this case. I have=20 evidence). If I tell them I was forced divulge their name one good thing=20 could come of it for me. Perhaps they will become my class action ligation = partners.

Please talk to your supervisors and let me know.

I want to cross out "criminal" record and replace it with "felony" record=20 and not have to name anyone I may have associated with whom only had=20 misnomer conviction(s).

Attached is the monthly report you requested. Please complete, and submit this report monthly.

In regards to the home visit this Saturday, I don't know why you consider this "suspicious activity" when I'm giving you notice. It's a simple request, and it's entirely up to you if you'd like to follow the request or not. I'm very busy, and don't have time to waste if you're not going to

be home. If you don't plan on being home Saturday morning, please let me know so I don't waste my time on adding you to the home visit list.

This is an unheard of request and a potential indirect terrorist threat by =
